THE late ambassador to Spain, Am-
bassador Alexander P. Moore,
has been killed in a Spanish
town. This will please the press but
probably not as much as Mr. Moore's
comment when he told her she looked
like his deceased wife, Lillian Rus-
sell. Those who saw Lillian Russell
will realize what a compliment that
was.

It was not more than ten years ago
that there would be no trans-
parenting sign located in the ether
surrounding our planet.

At present, the president of the Na-

Legislation believed to be revolutionary in character
and unassailable in its safeguarding of the public made
its appearance in the legislature on Tuesday when printed
copies of the new "Act for the Prevention of Fraud in Connection
with the Sale of Securities" were distributed to members at
the request of Hon. J. F. Lyburn, attorney general, who is

The bill is No. 33 of the present session and is in five
parts.
It contains in large measure the recommendations passed
at the Toronto conference of representatives of six attor-

MARKET NEW TRAD
OF A FURNISHING STOCK
It is set forth in the bill, as was
to be expected, that a broker
earlier in the year that it is an
act of fraud to sell securities
against a customer's buying order
without the customer's consent.
The bill also provides for a
fine of \$100 for each offence.

Edmonton Canadians Win Second Round of Juvenile Hockey Play-downs

CROCKETT'S SEXTET AGAIN HUMBLER CAMROSE PLAYERS

Behind 2-1 Going Into Third Period, Local Youngsters Cut Loose and Drive in Four Goals
Romanuk and Miniey Count Two Each

BERT CROCKETT'S Canadians emerged on the long end of a 5-2 score in their final game with Camrose in the second round of the Provincial Juvenile play-off last night. After two periods of hard-fought hockey marked by close checking on the part of both sides, the local boys cut loose to score four goals in the final period and clinch the game and series beyond any shadow of doubt, winning by a score of 7-2. The Camrose boys carried the game to their opponents through the first two periods and bombarded shot after shot on the pads of the Canadians' very effective net-minder, McCulloch, but were allowed only one tally in each.

Romanuk and Miniey, the big guns of the local squad, seemed unable to let their drive during the first two frames, and continued their activities to checking the numerous rushes of the Camrose forward line. Any efforts on the part of the Canadians to get within scoring range were quite ineffective, however, as the local boys found for the first two periods to be in a long snail's pace, and were forced by the Camrose goals, Lang-

LEWIS, Camrose speed driver, got away after two periods in the first period had elapsed to drive on the short McCulloch, but the local boys carried the game to their opponents through the first two periods and bombarded shot after shot on the pads of the Canadians' very effective net-minder, McCulloch, but were allowed only one tally in each.

Checking. The second period was much on the order of the first, showing the visitors' offensive blowing a hole in the Camrose defense. The local boys carried the game to their opponents through the first two periods and bombarded shot after shot on the pads of the Canadians' very effective net-minder, McCulloch, but were allowed only one tally in each.

GRAIN SLIDE HALTED WHILE U.S. PONDERES

Suggestion Made to Donate Wheat to Starving Chinese

WINNIPEG, Man., March 4.—(By Telegram.)—The grain market here today, following the suggestion that \$25,000 worth of American wheat be loaned over to starving Chinese by the United States government, today, indicated that the slide in grain prices, for the first time since Friday the last down slide market had recorded a rise. Advances ranged from 1/2 to 1 1/2 cents.

Fear that action might be taken on the wheat loan, and the suggestion of a committee to donate wheat to starving Chinese, has caused a general rise in grain prices. The committee was formed by a group of men in Washington, D.C., and is now being organized in this country.

Wheat prices in the United States have been falling steadily since the middle of last year, and the suggestion of a loan of wheat to China has caused a general rise in grain prices.

The first half of this year in that direction for the end of February, March and April, there should be an increase in demand. We think the lead-

levels. While American Smelting not strictly a copper stock, it usually enjoys the best moves when copper shares are strong. On earnings, it does provide ability and future prospects. AR is a cheap stock at current levels, and might now be attractive for a long play.
